I'm a huge of Marley's music but I never embraced the man's lack of politics

So what happened. Did they interrogate you LOL. What was the outcome. I haven't heard anything from anybody but I have a lawyer on retainer, so I'm not sure if they look for people who they can exploit, etc. I didn't go inside though. So who knows. A lot of people that didn't go inside were contacted. I just don't care anymore about what anybody thinks, we didn't do anything wrong, and nobody will ever be able to take away what a fantastic, awesome, wonderful, day it was!

I was surveilled and spotted them one day after work following me around in my truck so the next day I was taken down by ten FBeye agents consisting of 2 counter terrorism teams in full ballistic gear armed w long rifles as I was walking out of a parking garage in Detroit at 6am on my way to work. I was asked if I would answer questions, but politely declined and lawyered up instantly. I was then held for a cpl hours til they transferred me to the custody of the US Marshals who held me til I was sent to court. Then I was released w a 10k bond and my next court date in on 6/2. I didn't break or take anything and never had any physical contact w the police so I was deemed a low risk offender w no previous record besides a few misdemeanors in my background from years ago.

▼ There's one picture of you inside, with some police in the background. You have a huge smile on your face! That's how I felt that day too!

▼ It was a great day that had so many historic parallels to the Boston Tea Party and like I tell ppl - history will judge us as true patriots who stood up to defend America and the freedoms our fore fathers fought and died for, at a dark pivotal time in world history, especially when the full extent of the fraud is exposed.

▼ Speaking of forefathers, my grandmother did a genealogy on our family were actually related to George Washington. I take great offense to everything going on in this nation not just because I'm an American, but because it's my family! It was amazing to be in Washington DC for the first time, on that day, and I know George would've been proud of me! And you too!

▼ UFM, and I hope you don't mind the informal address - I'm also getting tired of this crap.

I'm a Yuge Trump supporter, but it will take a hell of a lot more to convince me to take arms up against my government.

I will never march under a Bob Marley flag.

Kid's today

Proof that you were there?

Two weeks after 9/11, I was in NYC trying to help out my business partners and customers.

Every single cab driver I rode with saw the buildings come down.
